

Battery Maintenance Supplies

Battery Watering Carts

Part No.	Capacity (Gallons)	Size (H"xW"xD")	Hose Length	Power Supply
CRT-T10G	10	41x19x17	9'	Uses your buildings water supply/pressure
CRT 12V	10	37x17x17	9'	Built in battery (S-12330) and charger included
INJ HCT	20	45x20x20	20'	25' AC power cord (110Vac outlet)

Guns for Watering Carts

Part No.	Description
GUN-S	Standard watering gun
GUN-G	Watering gun with auto-shut off

ANSI-Approved Eye Wash

Part No.	Description
7602.10	Portable air pressure operated eyewash with 10 gallon tank
7500	16 gallon gravity feed model (shown with cart/waste container option)
8300	Combination shower and eyewash system - for permanent mount

7602.1

7500

Water Deionizer

Ion exchanger removes dissolved impurities. The purity is comparable to distilled water. Disposable cartridge makes up to 600 gallons of pure water

Part No.	Description
PS300	Total system w/ qty.1 cartridge
PS600	Replacement cartridge

PS300

No-Ox Battery Corrosion Preventative

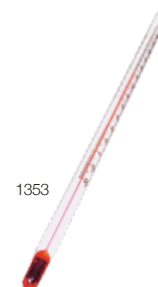

Part No.	Size	Description
CB-104	4oz	Brush-on No-Ox grease (brush in cap)
CB-304	32oz	Brush on No-Ox grease (brush in cap)
A 202	12.25oz	Battery corrosion preventative spray
E 404	12.25oz	Battery cleaner & acid detector spray

CB-104

Hydrometers and Thermometer

Part No.	Scale	Description
Z-1G	1.100 - 1.320	Industrial grade with heavy duty glass float
1353	-20° to 130°F	Includes S.G. correction factor table

1353

Z-1G
