Standard Battery Racks
Zone 0 (Non-Seismic) Racks in Many Configurations

Our SBS standard racks have been designed for all types of stationary battery models. These easy-to-use racks are strong, have a flexible design, and are acid-proof. Their light, small frame makes them easy to install, move and store.

- 1-Tier racks
  - 8.46” or 11.42” wide

- 2-Tier racks
  - 11.22” or 14.17” wide

- 2-Step racks
  - 16.93” or 22.83” wide

- 2-Step/2-Tier racks
  - 19.69” or 25.59” wide

- 3-Step racks
  - 25.39” or 34.25” wide

The upper profile of the rails permits the alignment of the battery during installation.

- Rails are insulated with black polyethylene
- Electrolyte protection: the supports are coated with white epoxy powder.

Please contact SBS for information on the different rack lengths and designs available.
